### Web Designer, Freelance

May 2022 — Present

Since May 2022, I have been working as a Web Designer on a freelance basis. My primary role involves creating visually appealing and responsive websites using a variety of technologies such as JavaScript, HTML5, CSS, figma, Adobe Photoshop, and adobe illustrator.

- Collaborated with clients to understand their needs and translate them into functional and aesthetically pleasing websites.
- Utilized my expertise in front-end technologies to develop modern and efficient solutions.
- Stayed updated with the latest industry trends and best practices to continuously enhance my skills and deliver high-quality work.

### Tester Intern, Global New Wave Technology

Yangon

May 2018 — Nov 2018

- Responsible for the testing of their CRM website product.
- Finds website bugs and point out the issues for their product.

### Junior Web Designer, Evolxit

Yaangon

May 2019 — Nov 2019

- Incorporated third-party APIs into the web application for data exchange and real-time updates
- Designed a brand identity system for CRM that included logo, website, and social media assets that increased brand recognition.
